

INFLUENCE OF CORONAVIRU PANDEMIC ON THE POTENTIAL OF REGIONS

Izabela Kamińska, Kinga Paradowska,
Natalia Borkowska, Julia Zimna, Natalia Szewczyk

Masovia

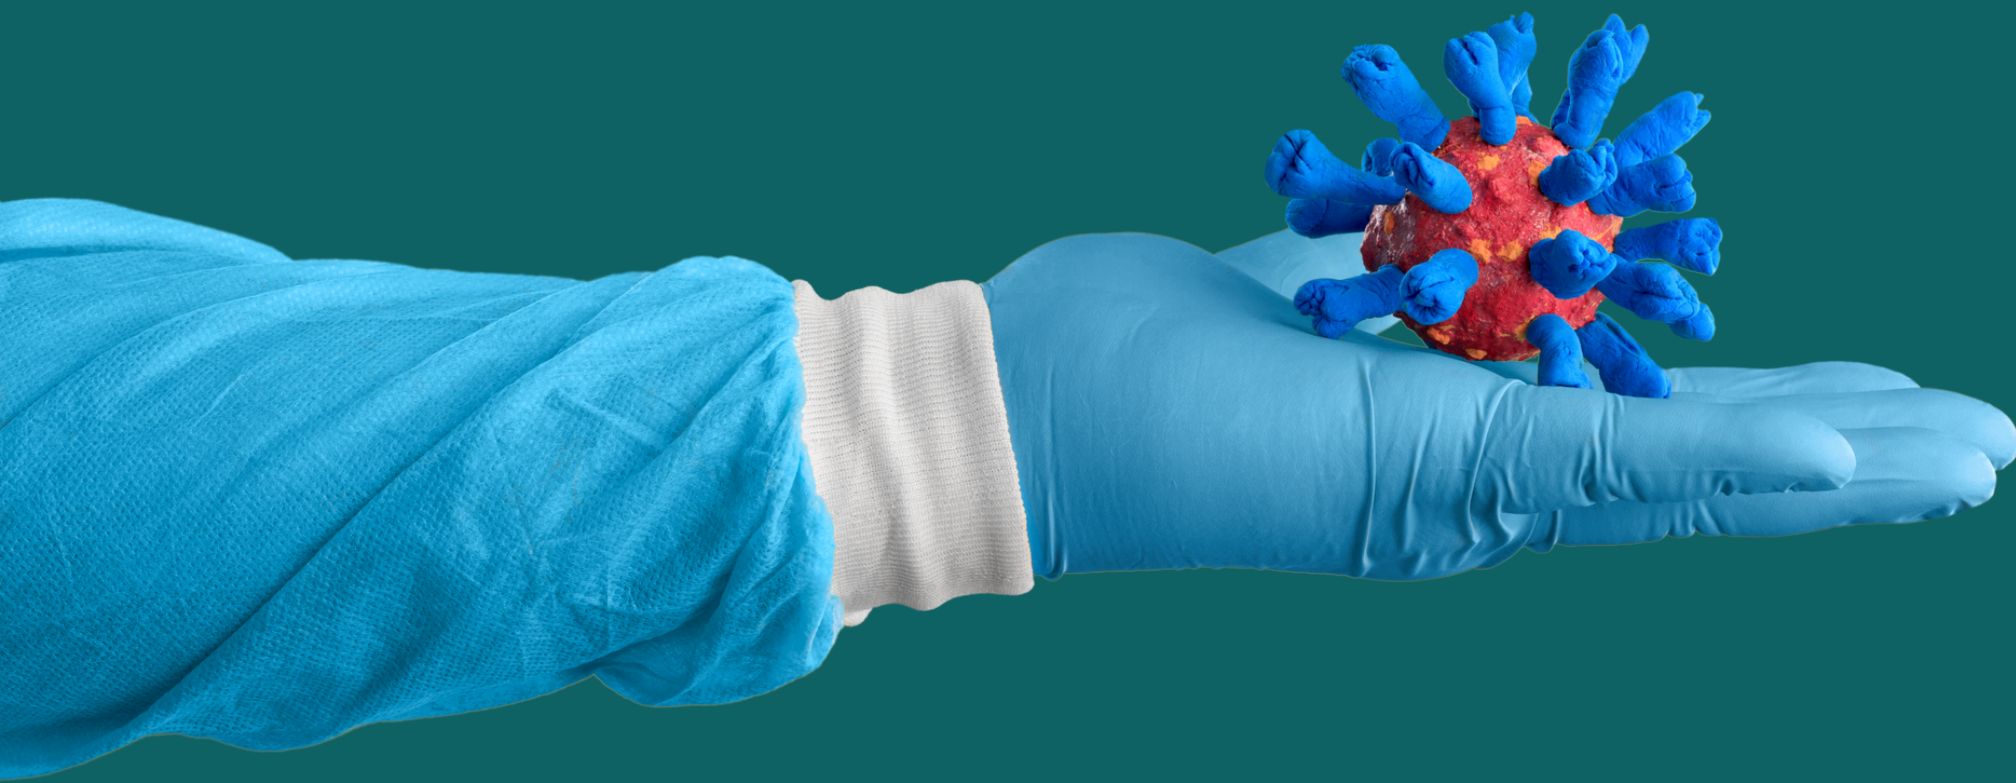

Masovian region

IT IS LOCATED IN THE CENTRAL PART OF POLAND IN THE MIDDLE RACE AND THE VISTULA BASIN. THE CAPITAL OF MAZOVIA IS PŁOCK. HE HAS ADMINISTRATIVE FUNCTIONS. AFTER RETURNING TO THE MAP, MAZOWSZE DEVELOPED DYNAMICALLY, AND THE POPULATION IN 1918-1939 INCREASED BY 70%. AFTER THE SECOND WORLD WAR, MANY FACTORIES WERE CREATED IN MAZOVIA. THE REGION STRENGTHENED ITS POSITION AS A CENTRAL REGION WHILE MAINTAINING AGRICULTURAL CHARACTER AND LARGE - SCALE INDUSTRIALIZATION

The beginnings of Covid-19

PANDEMIC BEGAN WITH MASSIVE RESPIRATORY DISEASE. THE FIRST CASES COME FROM CHINA FROM 2019. HOWEVER, IN POLAND THE FIRST CASE WAS FOUND ON MARCH 4, 2020 IN ZIELONA GÓRA. THE AUTHORITIES INTRODUCED AN EPIDEMIC THREAT ON MARCH 14-20, 2020, AND FROM MARCH 20, 2020 THE STATE OF THE EPIDEMIC

Pre-enandium

- INFLATION WAS SIGNIFICANTLY SMALLER.
- MANY PRODUCTS WERE MORE OFTEN AVAILABLE FOR SALE
- PEOPLE ATTACHED LESS IMPORTANCE TO HYGIENE (WASHING THEIR HANDS BEFORE EATING A MEAL OR AFTER RETURNING HOME)
- PEOPLE DID NOT WEAR PROTECTIVE MASKS IN THE FRESH AIR AND INDOORS
- THERE WERE MANY MORE PRIVATE ENTERPRISES

Impact on the economy

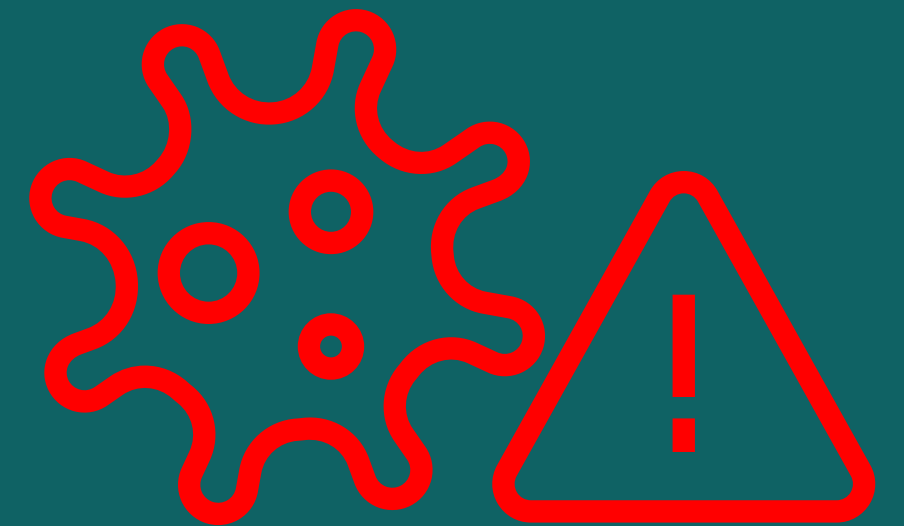

THE PANDEMIC EXPLOSION SIGNIFICANTLY INFLUENCED ECONOMICS, AMONG OTHERS, IT LED TO THE ECONOMIC CRISIS. INFLATION HAS INCREASED SIGNIFICANTLY. A LOT BEGAN TO TALK ABOUT THE NBP INTEREST RATES, AND IN ECONOMICS ABOUT GDP AND GROSS ADDED VALUE.

Influence on the economy - continued

TO RESOLVE THE NEGATIVE EFFECTS OF THE ECONOMIC CRISIS AS SOON AS POSSIBLE, WE MUST REALIZE HOW PANDEMIC INFLUENCED THE ECONOMIC CONDITION OF THE REGION AND REACT ACCORDINGLY

Introduced activities and their value

ACTIVITIES INTRODUCED BY THE AUTHORITIES IN 2020 HAVE A VALUE OF PLN 212 BILLION (IT IS ALMOST 10% OF GDP). INCLUDING:

- GOVERNMENT CASH COMPONENT, STATE BUDGET EXPENSES, REDEMPTION OF SOCIAL SECURITY CONTRIBUTIONS AND BENEFITS FROM THE GUARANTEED EMPLOYEE BENEFITS FUND
- LIQUIDITY GOVERNMENT COMPONENT USING THE FINANCIAL INSTRUMENTS OF THE POLISH DEVELOPMENT FUND GROUP
- NBP LIQUIDITY PACKAGE

Action and effects of inflation

THROUGH HIGH INFLATION, CONSUMERS WANT TO BUY A GIVEN PRODUCT AS SOON AS POSSIBLE IN FEAR THAT IT MAY BE MISSING ON THE MARKET, OR ITS PRICE WILL BE TOO HIGH.

LONG -TERM PLANNING IS ANOTHER NEGATIVE EFFECT OF INFLATION. PLANNING SUCH INVESTMENTS OR USING LOANS IS RISKY DUE TO THE FACT THAT AFTER YEARS IT MAY TURN OUT THAT THE INVESTMENT OR LOAN REQUIRES A LARGER RATE OF RETURN TO MAKE IT PROFITABLE THAN THOUGHT AT THE BEGINNING.

HIGH INFLATION IS A HUGE THREAT TO ENTERPRISES, WHICH CAN DISTURB THEIR MARKET ACTIVITIES. VARIATIONS IN PRICES ARE ONE OF THE MAIN NEGATIVE INFLATION FACTORS.

WHEN SIGNING THE CONTRACT, HIGHER INFLATION THAN THE ONE THAT WAS EXPECTED CAUSES THAT THE LENDER WILL GET LESS, AND THE COST OF THE DEBTOR WILL BE SMALLER, OR IN THE GENERAL CASE, ONE OF THE PARTIES WILL GAIN ON HIGH INFLATION AND THE OTHER WILL LOSE.

Impact on society

PANDEMIC WAS VERY IMPORTANT FOR PEOPLE'S EVERYDAY LIFE, IT WAS UNPREDICTABLE AND UNHEARD OF FOR 100 YEARS.

UNCERTAINTY, PANIC, FEAR OF FUTURE AND HEALTH CARE BROKE OUT. DURING THE PANDEMIC, THE MENTAL HEALTH OF SOCIETY HAS DETERIORATED AND THE EFFECTS ARE FELT UNTIL NOW.

Influence on education

PANDEMIC CAUSED SCHOOLS TO BE CLOSED, AND REMOTE EDUCATION CAN HAVE A LOT OF SIMULTANEOUS BUT OPPOSITE IMPACT ON STUDENTS.

THE SCOPE OF STUDENTS TO ACCESS TO TECHNOLOGY IS OF KEY IMPORTANCE. THE PROBLEM IS THAT NOT EVERY STUDENT HAS SUCH ACCESS TO EQUIPMENT, AN INTERNET CONNECTION WHERE HE CAN WORK NORMALLY. IT SHOULD ALSO BE EMPHASIZED THAT NOT EVERY LEARNER WILL RECEIVE HELP FROM PARENTS, E.G. INSTALLING THE APPROPRIATE SOFTWARE.

REMOTE LEARNING MUST BE AT LEAST AS INTERESTING AS WHAT WE EXPERIENCE IN THE CLASSROOM. IN THE CASE WHERE THE TEACHER WILL TAKE HIS LESSONS, LEARNING BASED ON EXERCISES, STUDENTS WILL BE DISSATISFIED AND BORED OF MONOTONY AND EXCESS TIME SPENT IN FRONT OF THE SCREEN, AND A POOR DIVERSITY OF EDUCATIONAL EXPERIENCES.

THE NEXT PROBLEM IS THE LACK OF EASY ACCESS TO PEDAGOGICAL AND PSYCHOLOGICAL CARE OR MEALS PROVIDED BY THE SCHOOL.

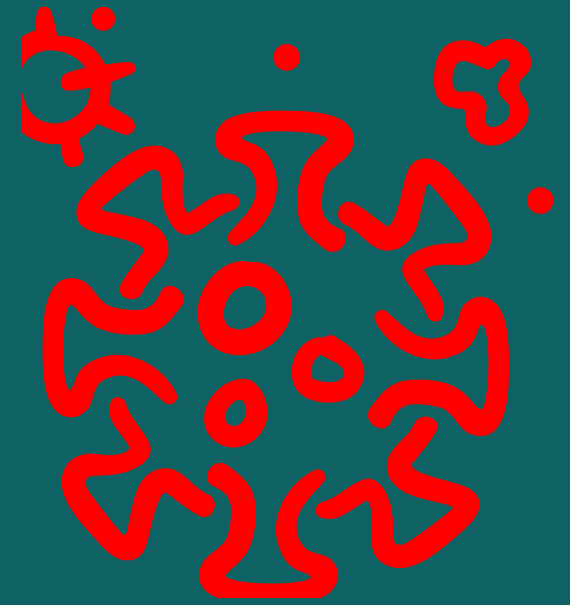

Influence on culture

PANDEMIC HAS SIGNIFICANTLY INFLUENCED CULTURAL EVENTS. RESTRICTIONS ON THE NUMBER OF PEOPLE WERE INTRODUCED, CULTURAL CENTERS WERE CLOSED, CONTACT BETWEEN PEOPLE DECREASED SIGNIFICANTLY AND THE WORLD HAS GONE INTO ONLINE MODE, EVERYTHING WAS HAPPENING VIA THE INTERNET AND ELECTRONICS. NUMEROUS EVENTS WERE CANCELED OR THE NUMBER OF PLACES WAS REDUCED BY 50 OR 25% DEPENDING ON THE COLOR OF THE ZONE. THERE WAS A SUDDEN DECREASE IN REVENUES FROM CULTURAL INSTITUTIONS, MANY SOCIAL INSTITUTIONS WERE THEREFORE DEPRIVED OF REVENUES, WHICH RESULTED IN THE CLOSURE OF THE PREMISES.

Polish statistics after a pandemic

- ALL INFECTIONS - 5 997 825
- CLEALED - 5 334 769
- DEATHS - 116 069
- QUARANTINE - 7 207
- NUMBER OF VACCINATED - 53 572 077

Statistics in the provided regions

- WEST-POMERANIAN VOIVODESHIP - 287 555
- POMERANIAN VOIVODESHIP- 392 919
- WARMIAN-MASURIAN VOIVODESHIP - 231 524
- PODLASIE VOIVODESHIP - 149 064
- LUBUSKIE VOIVODESHIP - 153 208
- WIELKOPOLSKIE VOIVODESHIP - 579 083
- KUJAWSKO-POMORSKIE VOIVODESHIP - 359 919
- MAZOWIECKIE VOIVODESHIP- 901 714
- LUBELSKIE VOIVODESHIP - 309 314
- DOLNOŚLĄSKIE VOIVODESHIP - 453 573
- ŁÓDZKIE VOIVODESHIP - 364 483
- OPOLSKIE VOIVODESHIP - 147 186
- ŚLĄSKIE VOIVODESHIP - 711 626
- ŚWIĘTOKRZYSKIE VOIVODESHIP - 144 915
- MAŁOPOLSKIE VOIVODESHIP - 460 543
- PODKARPACKIE VOIVODESHIP - 241 813

Summary at the global level

FOR THE PURPOSES OF THE GLOBAL REACTION, THE EUROPEAN UNION TO PADMENIA WAS ALLOCATED BY 46MLD EUROS

THESE FUNDS HELP OVER 130 PARTNER COUNTRIES:

- RESPOND TO EXTRAORDINARY SITUATIONS IN THE FIELD OF HEALTH
- IMPROVE THE HEALTHCARE SYSTEM IN THE COUNTRY
- SOOTHE THE SOCIO-ECONOMIC EFFECTS OF THE PANDEMIC

OVER 10 BILLION EUROS WAS ALLOCATED TO HELP IN THE FORM OF HEALTHCARE, SANITARY FOR THOSE WHO ARE AFFECTED IN THE FIGHT AGAINST THE CRISIS.

AT THE GLOBAL HEALTH PEAK, THE HEADS OF STATES AND GOVERNMENT OF THE G20 COUNTRIES HAVE UNDERTAKEN TO DETECT ACTIVITIES THAT WILL LEAD TO A FASTER END OF THE PANDEMIC CRISIS AND BETTER PREPARATION FOR SUBSEQUENT PANDEMS. IT WAS ALSO EMPHASIZED THAT IT IS PRIMARY IMPORTANCE TO ENSURE EQUAL ACCESS TO MEDICAL PRODUCTS AND TECHNOLOGIES. THEY ALSO WANT TO PROVIDE ALL PEOPLE WITH ACCESS TO VACCINES AND SUPPORT COUNTRIES WITH LOW AND MEDIUM INCOME IN THIS RESPECT
